

READY2STAGE

This is our basic staging package. It covers the main spaces buyers usually focus on when they walk a home. We keep it simple and practical.

What's included:

- Living room • Dining room • Kitchen • Master bedroom
- Office space • Bathrooms

Staging helps the home show better and usually brings more buyer interest, which helps when people are comparing options.

Price: \$1,800

That price covers the rooms listed above. Additional rooms can be added if needed. For homes over 3,000 sq ft, more furniture may be needed depending on the layout. If that's the case, we'll talk it through upfront.
